## Client Testimonials

"Every time I experience one of Monica's performances, I feel more empowered, more energized, more responsibility to live my own life in the spirit of inclusiveness that she teaches."

*Ernie Barber, Dean of Agriculture, University of Saskatchewan*

"They danced a dance of freedom of release. They danced without fear of being laughed at because they could. As they left the session, talk was already beginning to spread. Whispers of working together and putting a better Devon forward. Talk that should continue into action.

*Timothy Faith, Devon Dispatch Albert News*

"Your spiritual presence, faith in others and unfettered optimism struck me deeply. Something was released in me that day - something was set free to grab the opportunities before me. For this, I thank you. You affected me profoundly."

*Christalee Froese, Montmartre Community Development*

The AWESome Weekend Escape was an excellent opportunity to get away to a beautiful destination and spend time with other women with similar goals and experiences. The time spent with Monica Coneys was very helpful. What she had to say touched on fears, pitfalls and the positives of owning your own business. A tremendous experience with a lot of take away value."

*Alberta Women Entrepreneurs*

"Thanks again for the opportunity to witness your tale of change, challenge and opportunity. It was truly refreshing to experience a glimpse of ourselves at our best and worst. In the First Nations' tradition, a clown dancer or backwards person is responsible for holding up a mirror to society and allowing us to grow from our limitations. You captured that most revered role with aplomb."

*Gordon A. Martell, Superintendent of Education, Saskatoon Catholic Schools*

"Gathering a group of community economic development people together from across the province means that there will usually be a wide range of skills, knowledge and interest in the room. Finding a keynote speaker who speaks to everyone is always a challenge! You (Monica) have risen to that challenge admirably..."

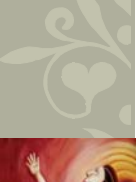

*Brandon Rural Forum*

"Thank you for leading the March 21st celebration at the University of Saskatchewan. Your sessions were moving and touched all those who attended. It is truly inspiring to see someone get in touch with their power and have the courage to share this with others."

*Carol Pond, Head of Discrimination Prevention Services, University of Saskatchewan*

"Before your session, I kind of scoffed at the idea of a goal setting clinic. I am an over achiever and as such have been goal setting all of my life. I did not honestly believe a goal setting session would benefit me. Boy was it a surprise to see you! I realized that the reason I was so often disappointed in myself was because my goals were sometimes unreasonable...I suppose it was almost a life changing realization. Thank you for that".

*Brittany Schlosser*

“What a performance! You are great. I loved your message and your unique style of presentation. We have heard nothing but good remarks – “best ever”, “great Saskatchewan talent”. Head office needs to know about her and on and on they go”.

*Margaret Worobey, Regional Coordinator Investors Group*

"What could we say about Monica (Coneys) Knight that doesn't sound ridiculous and fictional? Dynamic! Enthusiastic! Outrageous! Inspiring! The list of adjectives is long."

*Paul Boisvert, Editor, Gravelbourg Tribune*

“ Monica presents content in a humorous, loving and most entertaining style. Only Monica can have a finale of 150 belly dancing women!”

*Marcie Mazurenko, Reach Corporation*

“Thank you for your inspirational presentation at the Home Based Business Association conference.....I walked away with renewed enthusiasm about living in ‘entrepreneurial heaven’ and a much need reminder that this is the place”.

*Stacie Noble-Wiebe*
